

## **1. Document Title**

- Test Plan for the “Putko” App

## **2. Purpose of the Test Plan**

- This document defines the strategy, scope, resources, and timeline required for testing the application to ensure it functions correctly and according to specifications.

## **3. Scope of Testing**

- Testing covers the functionalities of login, user registration (code, email confirmation), adding and tracking vehicles (information about services, registration, road conditions), and viewing company offers (promotions, coupons, loyalty programs, permanent discounts).

## **4. Testing Objectives**

- The objective of testing is to identify defects and ensure that the system meets all functional requirements and user expectations.

## **5. Testing Strategy (Approach)**

- Functional testing will be performed manually following the creation of test cases.

## **6. Resource Requirements**

The resources required for testing:

- One manual tester
- One mobile phone (Huawei P30 lite)

## **7. Schedule**

- Testing starts on 10.09.2024.
- Testing ends on 16.09.2024.

## **8. Entry and Exit Criteria for Testing**

- Entry Criteria: Installed application with testable functions.
- Exit Criteria: 95% of test cases passed.

## **9. Risks and Mitigation**

- Risk: Delay in the delivery of functionalities.
- Mitigation: Introducing additional resources and adjusting the testing schedule.

## **10. Defect Reporting Tools**

- JIRA, Viber

## **11. Approval and Signature**

Bobana Simikic
